INTRODUCTION

NCVRT Vocational Education Council was established in 2009 by an article. 29 & 30(1) constitution of India and incorporated under the legislation of Ministry of Corporate Affairs, Government of India. Skills, knowledge and innovation are important driving forces of economic growth and social development in our country and country with higher levels of skill, adjust more effectively to challenges and opportunities in the global economy. India had relatively strong economic performance in the past decade. There have some drawback to uphold the current situation of skill development and job creation. To overcome this pressure, vocational education is the alternative option for the social and personal development. Vocational education can increase the socio-economic development of the developing country like India.

We are democratizing Vocational education by taking it to the doorsteps of the learners, Providing access to quality education to all those who seek it irrespective of age, region or formal qualifications, Offering need-based academic programmes by giving professional and vocational orientation to the courses, Promoting and developing Vocational education under Additional Skill Qualification Training Programme (ASQTP) in India, Setting and maintaining standards in skill based vocational education in the country.

OUR MISSION

Towards becoming a 'Centre of Excellence' in only regular courses by offering Quality Training Programmes to meet the current and emerging needs of the adult population, by widening the access to vocational training and by functioning as a catalyst to bridge social, economical and to be a major part in developing India.

OUR VISION

National Council of Vocational and Research Training shall make available innovative, Socially relevant educational provisions that are Learner-centred, seamless and are of High quality by employing appropriate vocational training equity in education, sustainable social transformation and composite national development.

OBJECTIVES

- To Empower youth through income generating skills and entrepreneurship
 - To promote the youth to full participation, on the basis of equality with youth in economic opportunity and education.
 - To develop and disseminate strategies that can be used in analyzing the local situation and developing innovative skills at the local level.
 - To facilitate the development skills that increase vocational and training opportunities.
 - The values, attitudes and skills, necessary to change behavior in regard to natural resource management.
 - To facilitate economic development, suitable skill up gradation training will be given to the youth.
 - To provide quality training to inculcate self employment among the youth.
 - To encourage sustainable development that will create an economic viability for present and future generations.
-
